The Logan Collection

Logan offers rustic transitional styling and details to provide a mixed media modern look. The beautiful wheat finish contrasts well with the dark metal legs and pull hardware. Enjoy a wide variety of functional features throughout such as generous storage, metal framework, custom hardware and much, much more.

Perfectly Imperfect

The charm of this handcrafted collection lies within the “perfectly imperfect” variations of the natural materials and finishing techniques. Natural variations may continue to develop, adding more character to this one-of-a-kind creation.

Please note some color variations of our furniture finishes and fabrics are possible due to room lighting. Please use as a reference only.
